CAPTAIN RAY'S REPORT TO THE GOVERNMENT MADE PUBLIC.

## ALASKA'S CONDITION

Captain Ray's Report to the Government Made Public.

## SERIOUS STATE OF AFFAIRS.

Transportation Companies Much at Fault. Majority of People Peaceable and Lawabiding—Miners Cannot Perfect Titles to Claims—Goldbelt in United States Territory.

WASHINGTON, Feb. 12.—The war department has made public the advice received from Captain P. H. Ray of the Eighth infantry, who was sent to Alaska to report on conditions in the mining country. The report, in part, shows a very serious state of affairs; that trouble is threatened at various places and that there is serious danger at some points of lack of food, owing in a large measure to the failure of the transportation companies to get in sufficient supplies.

On the food question he says: "The question of food here is a very serious one and the action of the transportation companies is causing much friction. I use my best endeavors to reconcile all differences peaceably and get all people who are without provisions down to Fort Yukon as soon as possible, where there is an abundance of food. I learn that while food is scarce in Dawson City the miners in the outlying camps are fairly well supplied.

"There are fabulous stories being circulated and will be published about the prices paid for food. I have verified instances where \$100 was paid for 50 pounds of flour, but such cases are rare, were outside deals, and not the prevailing price.

"At the present time neither of the transportation companies will transport a pound of freight for other traders or private parties, forcing all people coming into the territory to be wholly dependent upon their stores for their supplies at their prices. A large majority of the people now here are peaceable and law abiding, but in the absence of any person of authority to appeal to for the settlement of many differences that are constantly arising they are compelled to act outside of the law and when influenced by passion, prejudice or liquor, will commit acts that jeopardize great financial interests and from which there can be no appeal.

"Miners complain that they cannot perfect any title to their mines, owing to the absence of any land office. The departments are sending out commissioners, receivers and registers who cannot qualify for obvious reasons, the principal one is that there is not an official qualified to administer an oath within 1,000 miles of this place. A commissioner is powerless as he has no power to enforce his decisions.

Captain Ray says that the transportation companies have utterly failed to keep promises made to passengers, that of 846 people landed at St. Michael destined for Circle City and above, 42 reached their destination, the balance being stranded between Circle City and St. Michael, or having returned to the states.

"There has been," he adds, "less than 2,000 tons of freight all told delivered above Fort Yukon, and there is now lying at that point 500 tons of provisions and liquor cached by the steamers that could not get over the flats.

"I am also well satisfied that much more could be accomplished if the employees of the transportation companies devoted less time to personal traffic. From what I have learned from mine owners and prospectors I am fully satisfied that the greater part of the gold belt lies in our territory, along the range known as the Upper Ramparts.

Along the Tananah, Manok creek, Birch creek and the head of Forty-Mile there are districts that will pay from

\$10 to \$20 per day per man now lying idle as they will not pay expenses at the present prices of food. I am satisfied that with adequate means of transportation and cheaper food, this will develop into one of the greatest gold producing regions in the world.

The most important amendment being the one, should it pass the house, that will restore the free homestead law so far as it relates to Indian lands ceded to the United States for which lands the settlers have been obliged to pay the purchase price paid to the Indians. The bill carries appropriation aggregating nearly \$8,000,000. Adjourned till Monday.

## REPUBLICAN LEAGUE.

Convention of the Ohio Organization Held at Columbus.

COLUMBUS, O., Feb. 12.—The Ohio Republican league convention, which was held in this city yesterday, was one of the stormiest in the history of the league. About 200 delegates, representing 72 clubs, were in attendance. The factional feeling which marked the late senatorial contest cropped out. There were strenuous efforts to restore harmony, however, both the retiring president and the president-elect advising the members of the league to lay aside factional differences. Senator Foraker, in his telegram to the league, also made a plea for harmony. The Foraker and Bushnell element were dominant in the convention, however, and while they endeavored to keep factional differences in the background, carried all their points.

President McKinley sent the following telegram to President Sullivan of the league: "Nothing can be more inspiring to the Republicans and the people of the country than the life work of Abraham Lincoln, whose birthday your members celebrate today. Keeping close to his teachings and example the nation's peace and progress will be assured. My greetings and congratulations to the Ohio Republican league."

## STARVED TO DEATH.

An Old Couple Found in a Pitiful State in Chicago.

CHICAGO, Feb. 12.—Mrs. Caroline Lang, 85 years of age, died at the county hospital last night of starvation and her husband, Cornelius Lang, 75 years of age, is in the same institution, dying slowly from the same cause.

Lang was a tailor and when he lost his job some time ago he and his wife became destitute. For a time the neighbors supported them, but finally they were left alone. When the police found them yesterday they had been three days without food and a week without fire.

Lang was found lying on the floor near the door. He had started to crawl to the door to bring aid to his wife, but had fainted through weakness. Neither of them was able to speak when found. Mrs. Lang died within a few hours after being taken to the hospital and her husband cannot survive long.

## KANSAS PACIFIC.

Government Asks the Court to Postpone the Sale.

ST. LOUIS, Feb. 12.—An application was made to Judge Sanborn in the United States court today by the government for the postponement of the Kansas Pacific sale. The government also asked for leave to take up the first mortgages of the eastern and middle divisions of the railroad and pay the bondholders and other holders of securities in the two divisions. Judge Hoadley of New York representing the attorney general and Judge Cowan of Omaha the associate counsel applied for the leave. The government also wants a receiver appointed for the Kansas Pacific. The government interest in the line amounts to about \$14,000,000 and includes the Kansas City terminals and extends nearly out to the western boundary of Kansas, distant 394 miles from Kansas City making its western terminus on the prairie.

## GOLD STRIKE NEAR LLANO.

Vein Lying Near the Surface Assays \$300 to the Ton.

SAN ANTONIO, Feb. 12.—A dispatch has been received here from the town of Llano, stating that the excitement in the gold fields has been greatly increased by the fact that Gooch and Landrum, who are developing a mine about six miles northwest of Llano, and near the Schryver mine have struck a rich vein of ore, which assays over \$300 to the ton. The vein is near the surface and easily worked.

## PASSING OF DE LOME

Incident Growing Out of His Letter Regarded as Closed.

## AWAITING WOODFORD'S REPORT

Administration, It Is Said, Is Not Disposed to Protract the Unpleasant Incident—Exchange Courtiers at Havana—The Buccaneer Pays a \$300 Fine Under Protest.

WASHINGTON, Feb. 12.—The personal incident growing out of the publication of Senor De Lome's letter to Senor Canals may be regarded as settled. This has been brought about by the short cablegram sent by Minister Woodford from Madrid, in which he states that the minister had resigned and his resignation had been accepted before he (Mr. Woodford) presented the request of the United States that he be recalled. The officials here feel an interest in learning the details of the happenings in Madrid and are waiting for Mr. Woodford's promised full report.

But unless this should contain some statement that is not now expected, there is no disposition on the part of the government to protract the closing of this unpleasant incident, and it is not expected that anything in the nature of a demand for an apology will be made. If a graceful disclaimer should come that will be taken in the spirit in which it is made, otherwise the matter will be dropped and the relations between the state department and the Spanish legation will run smoothly once more through the medium of Senor Du Bose, the first secretary, and now charge d'affaires.

It can be said for the president that he shows little personal concern in the matter as it stands and is not disposed to pursue Mr. De Lome in any personal spirit, and with this spirit in the head of the administration, the end of the affair may be said to have been reached.

## EXCHANGE COURTESIES.

Captain General Blanco to Call on Captain Sigbee.

HAVANA, Feb. 12.—General Parrado, Rear Admiral Landero and the captain of the port visited the French admiral on board the cruiser Babardien which sailed yesterday afternoon for New Orleans. Rear Admiral Landero visited Captain Sigbee on board the battleship Maine during the day. Captain Sigbee accompanied by Consul General Lee paid a visit to Captain General Blanco yesterday and were most cordially received and entertained. This morning General Solano returned the visit of the American captain and consul general in the name of Captain General Blanco on board the Maine. It is understood that after the visit the captain general referred, in very flattering terms, to the plans of the American warship.

It is explained in Spanish circles that the captain general, as the first person in authority in Cuba, cannot visit any warship, but "as proof of the sympathy he feels for Captain Sigbee and the United States government," the captain general will call as a private person upon Captain Sigbee on board the Maine. Captain Heilbron of the American yacht Buccanier, acting under instructions from his owner, W. R. Hearst, has paid, under protest, the fine of \$500 imposed upon him for "breaking the naval department regulations." He will file a claim for damages.

## WILL NOT CRUISE IN THE MEDITERRANEAN.

NEW YORK, Feb. 12.—John Jacob Astor has abandoned his projected winter cruise in the Mediterranean, and with a party of capitalists will visit the republic of Honduras. The start will be made on Tuesday, when the Normahal will sail from Bayridge to Jacksonville, Fla. Mr. Astor and party will go aboard the yacht after a short stay in Florida.

## BRADSTREET'S REVIEW.

Renewed Activity in the Iron and Steel Trades—Advance in Cotton.

NEW YORK, Feb. 12.—Bradstreet's today says: A number of favorable circumstances and events present themselves this week. Perhaps the most notable of these are the renewed activity and confidence in the iron and steel market, accompanied by prompt and even rapid advances in several grades of crude pigiron and steel and the advance in the price of raw cotton, long predicted, but unrealized until the present week. What might be regarded as a minor feature in the business situation, though at the same time conveying much that is hopeful to the interest involved, is a quite general improvement in distributive trade and demand in the central west and the south, where spring trade is reported open in good shape. Less favorable features of the week are the slowness of spring trade in dry goods to develop at New York and other eastern centers, except Boston and the mild weather of the northwest rendering it likely that retailers' stocks carried over will be larger than earlier expected. Although the advance in cotton has been claimed to be too rapid, it has undoubtedly imparted a much more cheerful tone to the southern business situation and with the advance in iron and steel has done much to add to the confidence with which the trade outlook for 1898 is regarded.

## GERMANY AND ENGLAND.

Both Powers Secure Railroad Concessions.

PARIS, Feb. 12.—China has consented to the British demands for a railway from Burma to Dammam. She also agrees to indemnify the kidnapped Frenchman, M. Lyandot.

Germany has secured a concession for a railway from Kiao-Chow to Ichau-Fu as the price of the murdered sentry, and is now casting about for something else to demand.

Next month the Chinese board of revenue will pay salaries, half in specie and half in dollars, owing to the scarcity of copper coin. This is the first occasion of payment in dollars, but the precedent is likely to be followed and will thus introduce an extensive use of coined money.

## ENGINEER'S HEROISM.

Saves the Life of a Little Child About to Be Killed by a Flyer.

DELPHOS, O., Feb. 12.—The little 4-year-old daughter of Mrs. Mark Will was playing on the Pittsburg, Fort Wayne and Chicago track when the fast train came thundering along. The engineer realizing he could not stop in time to save the child, reversed his engine and climbed out on the pilot and picked the child up before the train hit it. The little one was turned over to friends unhurt. The mother fell in a swoon when she saw her child's danger.

## CHILD MURDERER.

James Mingle Pays the Penalty With His Life.

SPRINGFIELD, Ill., Feb. 12.—James Mingle, who murdered the infant, Dollie Briscoe, and at the same time made an attempt on the life of the child's mother, was hanged here yesterday. Mingle showed nerve to the last. From the scaffold he said: "I'm only on a journey to meet my child in heaven. I am going to my baby, and my little woman will join me soon, for she has not long to live. She will meet me; she has forgiven me. I forgive all. I'm going to heaven, where I hope to meet you all." His neck was broken by the fall.

## TALENTED YOUTH DISAPPEARS.

He Is Supposed to Have Gone With a Woman 11 Years His Senior.

CHICAGO, Feb. 12.—The Chicago police are puzzled over the disappearance of Earl Conway, a talented youth well known in musical circles, and Miss Ollie Wilson, daughter of a wealthy Nebraska stockman. Although the young woman is 11 years older than the lad, who is but 15 years old, the two, according to the story told the police by the lad's parents, are deeply attached to one another, and the police have been led to suspect that they may have gone away together.

## W. C. T. U.

It Has Taken Up the Fight for the Salvation of Yale.

NEW YORK, Feb. 12.—The Woman's Christian Temperance union has taken up the fight for the salvation of Yale University. Miss Frances E. Willard, president, and other general officers of the union have forwarded a petition to President Dwight asking him to forbid the use of alcoholic liquors in the university. The petition contains an implied threat to boycott the university unless President Dwight complies with the terms of the petition.

## ITALIAN WARSHIPS.

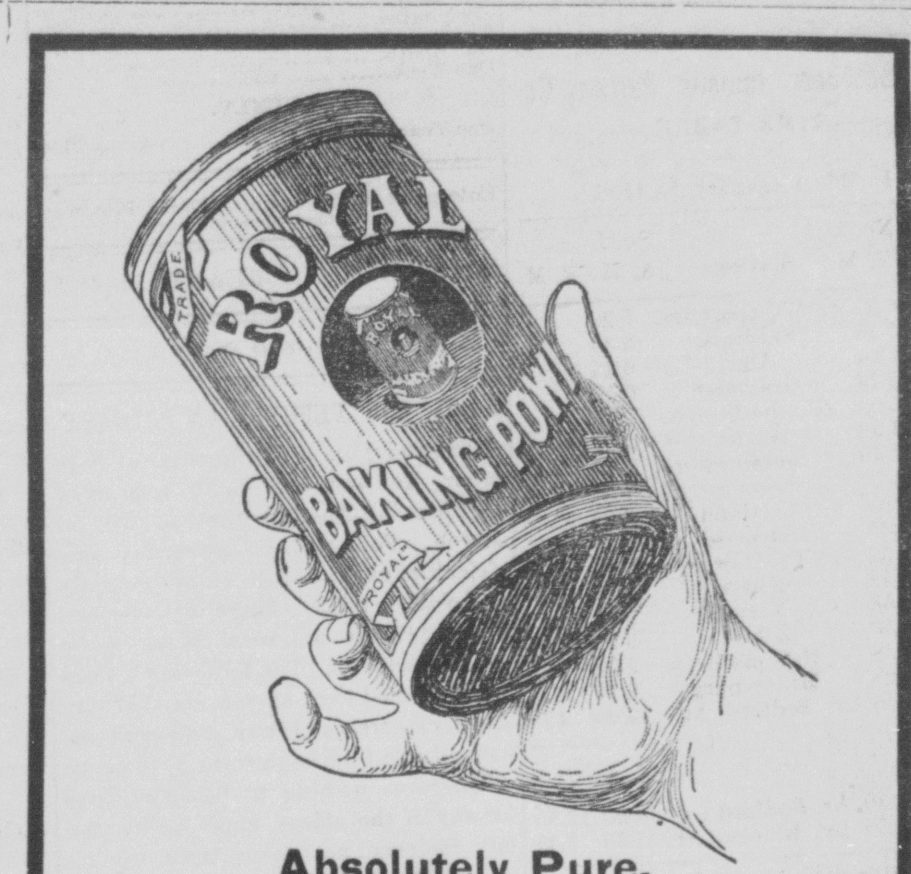

They Are Expected at Port au Prince to Enforce the \$120,000 Claim.

KINGSTON, via Bermuda, Feb. 12.—Two Italian warships are expected at Port au Prince from St. Thomas to enforce pending claims of the Italian government to the amount of \$120,000. The fall of the ministry is imminent, M. Cal Fouchard, president. Simon Sams, former minister of finance, is a candidate for the presidency.

Sir Augusta Homming, the new governor of Jamaica, has arrived here from Demarara.

## Robbed of Money and Clothes.

TIPPIN, O., Feb. 12.—Farmer Wilson, while walking along the Baltimore and Ohio tracks east of here, was assaulted by tramps, robbed of a few dollars and most of his clothing, even taking his shirt and shoes. After suffering severely with cold he flagged a train and was taken to Chicago Junction, where he was provided with clothing.

## VON DER AHE.

United States Court Refuses a Writ of Habeas Corpus.

PITTSBURG, Feb. 12.—Attorneys R. B. Scandrett and A. O. Fording were vindicated by the opinion of Judge Joseph Buffington, who handed down an opinion in the Von der Ahe habeas corpus case late yesterday. His honor sustained the position of the attorneys and Detective Nick Bendel, and turned Von der Ahe over to Bendel, who immediately delivered him up to the sheriff of Allegheny county.

Von der Ahe spent last night in the private office of Sheriff Harvey A. Lowry, but he expects to be able to put up the money today on the judgment for which he is detained.

In his opinion Judge Buffington cited many precedents for his decision and concluded: "Respective of any views this court might entertain of the question, were it new and not affected by former decisions, we are constrained under stress of these decisions, and particularly in view of that of the supreme court of the United States, to hold that Von der Ahe could be lawfully arrested in the state of Missouri by his bail and removed to Pennsylvania. The petitioner is therefore remanded to the custody of Bendel, the respondent, and it is so ordered."

## KILLED BY OFFICERS.

An Aged Woman Shot to Pieces at Escalopia, Ky.

VANCEBURG, Ky., Feb. 12.—At Escalopia, this county, Constables Cropper and Thacker attempted to arrest an old lady named Crow who was at her home with several grown up daughters. Before the officers realized it one of the girls flew at them like an enraged tigress, with a long knife, dangerously wounding both officers. By this time the old lady and another daughter pulled guns and the officers realized it was a fight for life. The battle raged for a few moments and after the smoke had cleared old Mrs. Crow was found dead and shot to pieces and one daughter dead. Those who survived are in a dangerous condition.

Mr. Brethauer has been a hard worker for the republican party for the last ten years and his many republican friends have urged him to come out for the nomination for councilman in the Fifth ward.

He enters the race with a substantial and influential following.

R. F. Heaton to-day announces his candidacy for treasurer of the city of Seymour, subject to the republican primary. Mr. Heaton has been a resident of Seymour for nearly forty years and is one of our substantial and trust-worthy citizens.

He is well and favorably known and enters the race for treasurer with the support of many influential friends.

In another column of today's issue appears the formal announcement of Frank Bennett as a candidate for City Judge. Mr. Bennett has resided in Seymour twenty-eight years and has a large circle of influential friends.

He served the city well as Mayor from 1890 to 1892 and for twelve years previous to that he filled the office of justice of peace and made a very creditable record. He enters this contest with the support of numerous influential friends.

Today R. F. White makes formal announcement of his candidacy for city marshal, subject to the republican primary election.

Mr. White needs no introduction to the Seymour people as he is known to nearly every resident of the city. He has served as city marshal in past years and made a very creditable record indeed.

He has a host of friends who have urged him to become a candidate and who will give their influence toward his success.

It is not only in the county organizations that the democrats of Jackson county are having serious differences of opinion about the campaign plans, but in their organization in the city of Seymour they are unable to agree.

The slate makers had hoped to avoid a primary, but have run against some solid obstacles. That ratification meeting they expected to hold to have their slate endorsed will not likely be held.

A Shattered Nervous System.

FINALLY HEART TROUBLE. Restored to Health by Dr. Miles' Nerve.

MR. EDWARD HARDY, the jolly manager of Sheppard's Co's. great store at Briceville, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I was suffering untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to but a shadow of myself, and at last my heart became affected and I was miserable. I took six or eight bottles of Dr. Miles' Nerve. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

Dr. Miles' Nerve Restores Health. DR. MILES MEDICAL CO., Elkhart, Ind.

The candidates of the local democratic bosses have been troubled this week over some unpleasant and unfavorable things told them by their democratic brethren.

His Alibi. Once upon a time the late Sir Frank Lockwood, while attending a police court, noticed that the magistrates were performing their duties in a very expeditious manner, and he commented on the fact to a superintendent of police.

"Yes," answered the superintendent, who was pompous and none too well educated, "their worship always dispenses with justice very fast." Some years ago he got a prisoner off by proving an alibi. Some time afterward the judge met him and said, "Well, Lockwood, that was a very good alibi."

"Yes, my lord," was the answer. "I had three offered me, and I think I selected the best."

A HISTORIC HOTEL.

The Favorite Hostelry in Ante-Bellum Days—Often Patronized by Abraham Lincoln—From its Veranda Stephen A. Douglas Delivered a Great Speech—Again the Scene of an Important Event.

From the Tri-County Scribe, Plymouth, Ill.

Mr. and Mrs. Campbell Thompson run the historic Cuyler House at Plymouth, Ill., a hostelry where Abraham Lincoln often slept, where "Dick" Yates, Lyman Trumbull and Richard Oglesby bought refreshments for the inner man in ante-bellum days, and from the veranda of which Stephen A. Douglas delivered one of his great speeches.

This article has not so much to do, however, with this historic hotel, as it has with the landlord's thirteen-year-old laughing, bright-eyed, rosy-cheeked daughter Ollie.

As one sees her to-day, the picture of perfect health, it is hard to believe that nearly nine of the thirteen years of her life were spent on the bed of invalidism, that for months she never walked, and for years suffered the pain, misery and distress of inflammatory rheumatism in its worst form.

Before she had taken half a box, there was marked improvement in her condition; when she had taken two boxes she was completely restored to health. To-day, there is not a healthier child than Ollie Thompson.

The case came to the attention of the editor of the Tri-County Scribe, and a reporter was detailed to learn the story of this remarkable cure from Mrs. Thompson's own lips. She said:

"Ollie was a hearty, well-developed child from the time she was born until she was three years old. In 1887 she was taken down with inflammatory rheumatism. For nine years she was never entirely free from the disease, and much of the time was in an alarming condition. At times, she could not walk, and her spine was drawn out of shape so that she could not stand straight. One of the doctors said if she became well she would be a cripple for life."

"Dr. Grifflin, of Augusta, was the first doctor who had her case. He doctored her through two serious times of the disease, and finally told us he could not cure her. We doctored her most all the time, but when she was ten years old she had an unusually severe attack, and we called in Dr. Kreider, of Prairie City, where we were then living. He finally told us he could not cure her, but finally gave it up. He said, 'I can do nothing further, the case is the worst I have witnessed.'"

"We nearly gave up hope then, but called Dr. McDaniel who doctored her after we came to Plymouth. He said he would try. He tried hard to cure her but finally gave it up. Then I heard how Uncle Wesley Williams had been cured by Dr. Williams' Pink Pills for Pale People. Knowing the condition he had been in, I thought if the pills cured him, they might help Ollie. Consequently I bought a box for her, and before she had finished it she was well, and she has never had rheumatism since."

"I cannot say too much for the Dr. Williams' Pink Pills for I believe Ollie would have been dead long ago, if she had not taken them." VICTORIA THOMPSON.

Subscribed and sworn to before me this 11th day of September, 1897. W. S. ROMICK, Notary Public. I hereby state that I have examined Miss Ollie Thompson, and find no outward appearance of rheumatism.

## MURDER AT JONESVILLE.

John Williams Shot in Ford's Saloon by James Lewis.

Word came to the city early this morning that a murder was committed at Jonesville last night. The facts reported to the REPUBLICAN are about as follows:

Yesterday the democrats of Bartholomew county met in the several townships of the county to select delegates to the county convention which was held at Columbus today. The contest in Wayne township was rather spirited and especially so about Jonesville.

About 9:30 o'clock last night several parties had congregated in Ford's saloon and were talking politics and discussing the results of the convention to choose delegates.

A dispute arose between John Williams and James Lewis, Ford's bartender, who had supported different candidates. Hot words passed between the two men when the probable result of to-day's convention at Columbus was discussed. At this point, from one source it is reported, Lewis said: "I know of one delegate who will not vote to-morrow," and, drawing his revolver, shot Williams through the heart. He fell to the floor and was dead in five minutes.

From another source comes a report that Lewis shot in self defense. The Columbus Times, which contains a report, evidently based on such information, says that it seems that the trouble first arose between other parties in the saloon. After making an attempt to put a stop to the trouble, according to the Times report:

"Lewis, the bartender, then ordered everybody in the saloon out as he wanted no trouble in his place of business. It appears that everyone then went out but Williams and one or two others, who lingered and did not want to go. Lewis insisted that they should go, when it is said Williams grabbed him by the throat and commenced choking him, whereupon Lewis drew his revolver and fired, the ball entering the left breast, killing him instantly. Lewis at once gave himself up to Marshal Schulte."

Lewis was hurriedly taken to Columbus by Fred. Schulte and placed in jail. He is about twenty-three years of age and is unmarried.

Williams was a married man and leaves a wife and three children, the youngest being only about a month old. Parties who were here from Jonesville say that the most intense excitement prevails there over the murder and that the sentiment is somewhat divided.

### "THE OLD HOMESTEAD."

Public Library Benefit to be Given on the 22nd.

The public entertainments that have been given heretofore for the benefit of the library have always been attended with great success. Appreciating this fact, the organization has, with great labor and expense, obtained and prepared for presentation the greatest and grandest play before the public today, "The Old Homestead." If you want to learn a good lesson, see human nature depicted in all the simplicity of country life in all the grandeur of city life, come out and see the play on the 22d. See good old "Uncle Josh" and "Aunt Tilda." Let your heart go out with theirs in behalf of the wayward Reuben. Give "Happy Jack" a helping hand on his way to reformation. Have your thoughts and ideas uplifted and ennobled with sympathy for wayward humanity. And along with these pathetic scenes, enjoy the fullness of innocent fun. Laugh with "Ebb" and "Rick," with "Cy" and "Seth" whose antics in the country will convulse you with mirth until your sides ache. In all, the play is replete with fun, wit and humor, and abounds with pathetic and tender climaxes. The benefit and entertainment promises to be the greatest success of the season and a crowded house is already assured. Tickets will be out the first of the week and we would advise all to purchase early so as to get in

### STORE ROBBED.

Midnight Frowlers Gain Entrance to Coffield & Fish's Grocery Store.

Some time last night some unknown party or parties made their way into the grocery store of Coffield & Fish, successors to Frank Patrick, and helped themselves to some things they wanted. They took \$1.90 in change out of the money drawer, and some cigars and tobacco, and probably other goods. The exact amount they took can not be definitely ascertained.

The miscreants gained entrance by removing a shutter from one of the windows and then loosening the putty and taking out a large glass.

### Eulogized His Late Comrade.

A week ago Capt. Jos. Balsley attended the funeral of Benj. F. Kilgore, who was orderly sergeant of his company, at Lawrenceville, Ill., and took part in the services by pronouncing a eulogy on the life and services of his late comrade. A local paper of Lawrenceville, giving an account of the funeral says in part:

"After the funeral discourse by Elder Corter, Capt. Jos. Balsley, of Seymour, Ind., delivered an eulogy over the body of his dead comrade, that was eloquent and pathetic and caused the tears of sympathy to flow from almost every eye in the vast audience."

The injured young man is a son of Samuel Stanfield.

### Imaginary Balloons.

The report from Sweden that Andree's balloon had been seen in the neighborhood of Winnipeg turns out as experienced Americans expected. It was given out in the far northwest, by means of circulars and handbills, that Andree was at large in a balloon, and might be visible. Immediately balloons began to be reported, as they were two years ago in our own hopeful and veracious country. The Swedish Academy put faith in these reports, just as any one would who had not had previous experience.—Harper's Weekly.

### Republican Banquet at Lebanon.

Many of the state officials have accepted the invitation of A. C. Daily, the auditor of state, to attend the Boone county republican gathering at Lebanon today. Deafness Cannot be Cured By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Versailles Lynchers Become Scared When They Learn a Detective Had Been Before the Grand Jury—Want a Dollar a Day—Bluffing Man Killed by a Woman.

DANVILLE, Ind., Feb. 12.—Judge Hadley has ruled that Florence Walker is not entitled to share in the estate of John Miles. The point in dispute is whether or not, as an adopted child, she has the same right as if she had been of blood issue. Ten years ago John Miles, living near Belleville, died. He left a will in which, after providing for the distribution of the remainder of his property, he placed \$30,000 in trust for two invalid daughters; after their death the property to go to the surviving children, or, if dead, to their children. One of his daughters—Martha Miles Walker—had no children, but she adopted Florence, the plaintiff, and reared her to womanhood. At the November term of court the executor made his final report, leaving Florence out. She filed an exception, and Judge Hadley took the matter under advisement, ruling as above.

A NEIGHBOR ARRESTED. Accused of Being Implicated in the Death of James Jones. WINSLOW, Ind., Feb. 12.—No trace of the body of James Jones has yet been found. Two of his neighbors—Nayfall and Smith—are under suspicion, and Smith has left the neighborhood. Nayfall has been arrested and transferred to Petersburg. It is alleged that he has told several conflicting stories; that Smith and Jones quarreled and went to shooting, and he ran away, and that he slept in a haystack. There seems no doubt but that Jones was murdered, and it is known that there was an old grudge between Smith and Jones. Nayfall and Smith are consins.

LYNCHERS SCARED. They Learn a Detective Has Been In Their Midst.

VERSAILLES, Ind., Feb. 12.—There was quite a ripple of excitement here and at Osgood when it became known J. C. Smith was before the grand jury in regard to the lynching. He went to Osgood last November and put up at a prominent hotel and proceeded to open up an agricultural store there. He is now said to be Governor Mount's private detective, although this he denies. He was in the juryroom three hours, but, of course, what his testimony was no one knows. The rumor that he is a detective has caused a great deal of uneasiness.

# PRACTICE WHAT THEY PREACH.

Leading Clergymen of Every Denomination Use and Advise Paine's Celery Compound.

Like Goldsmith's parson who

Tried each art, reproved each dull delay, Allured to brighter worlds and led the way.

great preachers throughout the country have been the most untiring and earnest in telling the truth about Paine's celery compound, in urging sick people to use it, and at the same time they themselves have employed the great remedy in their homes with results that have steadily kept up their faith in its healthgiving powers.

It is significant that Paine's celery compound stands alone as the one remedy that is freely used in the homes not only of clergymen, but of all liberally as well as professionally educated men, physicians, lawyers, school teachers and others, while every other remedy purporting to accomplish equal results, is promptly shown the door.

No class of men have the public good so disinterestedly at heart as clergymen; none other see so intimately the affairs of so many homes. It is their business to know the sad side, sorrows and sufferings. As confident, confessor and comforter they learn the truth as even the physician often fails to do.

And clergymen recommend Paine's celery compound wherever they enter a home where some member needs a general building up of the body, a pur-

ifying of the blood and a strengthening of tired nerves.

Another great preacher, the Rev. S. D. Dyer, pastor of St. Paul's English Lutheran church, Washington, D. C. says:

Gentlemen—Have taken Paine's celery compound as a tonic, and am pleased to certify that so far as I have been able to test it I have found it quite satisfactory.

Yours Very Truly, S. D. DYER.

St. Paul's Eng. Luth. Church. It cannot be repeated too often that the stomach is the fountain which supplies every part of the body. If the stomach is sick, the brain, heart, liver, bowels and kidneys are all sick. The trouble may all be felt in one spot; it may be in the stomach itself, or it may be in the brain, or a rheumatic muscle. It will be felt in the weakest place. Paine's celery compound is fully competent to correct all such disordered conditions of the stomach and to restore a healthy tone that will enable it to meet every demand made upon it by hard-worked brain, heart and nerves.

A dyspeptic stomach cannot furnish sweet healthy chyme, as the digested food is called, but acids and poisonous gases and the brain and nerves thus

get poison instead of food. It is not food swallowed, but food well digested that produces flesh and blood. Paine's celery compound disposes the body to take on flesh. It makes the breath sweeter, the strength more enduring, the body plumper and the spirits better.

Dyspepsia and nervous, sickly persons whose whole lives are a failure, both as to enjoyment and usefulness, ought to learn how closely their debility, aches and pains depend on their general run-down condition, and that the sensible, lasting cure can only come from building up their general health and constitution. This is the grand mission of Paine's celery compound. It cures neuralgia, rheumatism, stomach troubles, blood diseases and headaches by this enlightened, broad treatment. The blood plenty of it, quite, satisfactorily fed nerves and a condition of the brain that makes sound, sweet sleep a safeguard against all nervous troubles come when Paine's celery compound is used.

If you are "played out," to use a forcible street phrase, can't digest, can't work and have lost courage, Paine's celery compound will show itself to be the best friend you ever had. It will enable you to forget your stomach, and will do for you what it has done for so many others—make you again a healthy active man or woman.

## ALASKA'S CONDITION

Captain Ray's Report to the Government Made Public.

## SERIOUS STATE OF AFFAIRS.

Transportation Companies Much at Fault. Majority of People Peaceable and Lawabiding—Miners Cannot Perfect Titles to Claims—Goldbelt in United States Territory.

WASHINGTON, Feb. 12.—The war department has made public the advices received from Captain P. H. Ray of the Eighth infantry, who was sent to Alaska to report on conditions in the mining country. The report, in part, shows a very serious state of affairs; that trouble is threatened at various places and that there is serious danger at some points of lack of food, owing in a large measure to the failure of the transportation companies to get in sufficient supplies.

On the food question he says: "The question of food here is a very serious one and the action of the transportation companies is causing much friction. I use my best endeavors to reconcile all differences peaceably and get all people who are without provisions down to Fort Yukon as soon as possible, where there is an abundance of food. I learn that while food is scarce in Dawson City the miners in the outlying camps are fairly well supplied.

"There are fabulous stories being circulated and will be published about the prices paid for food. I have verified instances where \$100 was paid for 50 pounds of flour, but such cases are rare, were outside deals, and not the prevailing price.

"At the present time neither of the transportation companies will transport a pound of freight for other traders or private parties, forcing all people coming into the territory to be wholly dependent upon their stores for their supplies at their prices. A large majority of the people now here are peaceable and law abiding, but in the absence of any person of authority to appeal to for the settlement of many differences that are constantly arising they are compelled to act outside of the law and when influenced by passion, prejudice or liquor, will commit acts that jeopardize great financial interests and from which there can be no appeal.

"Miners complain that they cannot perfect any title to their mines, owing to the absence of any land office. The departments are sending out commissioners, receivers and registers who cannot qualify for obvious reasons, the principal one is that there is not an official qualified to administer an oath within 1,000 miles of this place. A commissioner is powerless as he has no power to enforce his decisions.

Captain Ray says that the transportation companies have utterly failed to keep promises made to passengers, that of 840 people landed at St. Michael, 42 reached their destination, the balance being stranded between Circle City and St. Michaels, or having returned to the states.

"There has been," he adds, "less than 2,000 tons of freight all told delivered above Fort Yukon, and there is now lying at that point 500 tons of provisions and liquor cached by the steamers that could not get over the flats.

"I am also well satisfied that much more could be accomplished if the employees of the transportation companies devoted less time to personal traffic. From what I have learned from mine owners and prospectors I am fully satisfied that the greater part of the gold belt lies in our territory, along the range known as the Upper Ramparts.

Along the Tananah, Manok creek, Birch creek and the head of Forty-Mile there are diggings that will pay from

A consumptive hopes and hopes, but a time when hope ends, and the black shadow of despair forecasts the coming of death. Thousands of consumptives believe that there is "nothing much" the trouble and that there is no need to bother with medicine. Both are wrong. Consumption is the most deadly of diseases but it is distinctly curable. It has its inception, like all other wasting diseases, in disorders of the digestive organs, and the first step towards its cure must be the relief of these disorders.

Ninety-eight per cent. of all cases of consumption are cured by Dr. Pierce's Golden Medical Discovery. Thousands of consumptives have testified to their complete and permanent recovery through its use, after they were given up by the doctors and all hope was gone. It corrects all disorders of the digestion, makes assimilation perfect, fills the blood with the life-giving elements that make the body firm and healthy tissues, and acting directly upon the lungs drives out all disease germs. It is a specific for all lingering, bronchial, throat and lung affections.

I have been troubled with indigestion and dyspepsia," writes Geo. H. Slater, Key City, Mo., "for the last two years. I got a bottle of your 'Golden Medical Discovery' and took it as you directed. It did me so much good I am going to get another bottle and take it. It is the best medicine in the world for those who have stomach trouble. I have recommended it to several already."

The best medical book ever published in any language is Dr. Pierce's Common Sense Medical Adviser. Over 600,000 copies of this book have been sold for \$1.50 each. It contains 1,008 pages and 500 illustrations. It gives suggestions for treatment of all ailments. There are also prescriptions. This valuable book, in paper binding, may now be had FREE for the asking. Send 21 one-cent stamps to the World's Dispensary Medical Association, Buffalo, N. Y., to pay the cost of mailing only. If fine cloth binding is desired, send 25 cents extra, 25 cents for the book.

\$10 to \$20 per day per man now lying idle as they will not pay expenses at the present prices of food. I am satisfied that with adequate means of transportation and cheaper food, this will develop into one of the greatest gold producing regions in the world.

## REPUBLICAN LEAGUE.

## Convention of the Ohio Organization Held at Columbus.

COLUMBUS, O., Feb. 12.—The Ohio Republican league convention, which was held in this city yesterday, was one of the stormiest in the history of the league. About 200 delegates, representing 72 clubs, were in attendance. The factional feeling which marked the late senatorial contest cropped out. There were strenuous efforts to restore harmony, however, both the retiring president and the president-elect advising the members of the league to lay aside factional differences. Senator Foraker, in his telegram to the league, also made a plea for harmony. The Foraker and Bushnell element were dominant in the convention, however, and while they endeavored to keep factional differences in the background, carried all their points.

President McKinley sent the following telegram to President Sullivan of the league: "Nothing can be more inspiring to the Republicans and the people of the country than the life work of Abraham Lincoln, whose birthday your members celebrate today. Keeping close to his teachings and example the nation's peace and progress will be assured. My greetings and congratulations to the Ohio Republican league."

## STARVED TO DEATH.

## An Old Couple Found in a Pitiful State in Chicago.

CHICAGO, Feb. 12.—Mrs. Caroline Lang, 85 years of age, died at the county hospital last night of starvation and her husband, Cornelius Lang, 75 years of age, is in the same institution, dying slowly from the same cause.

Lang was a tailor and when he lost his job some time ago he and his wife became destitute. For a time the neighbors supported them, but finally they were left alone. When the police found them yesterday they had been three days without food and a week without fire.

Lang was found lying on the floor near the door. He had started to crawl to the door to bring aid to his wife, but had fainted through weakness. Neither of them was able to speak when found. Mrs. Lang died within a few hours after being taken to the hospital and her husband cannot survive long.

## KANSAS PACIFIC.

## Government Asks the Court to Postpone the Sale.

ST. LOUIS, Feb. 12.—An application was made to Judge Sanborn in the United States court today by the government for the postponement of the Kansas Pacific sale. The government also asked for leave to take up the first mortgages of the eastern and middle divisions of the railroad and pay the bondholders and other holders of securities in the two divisions. Judge Hoadley of New York representing the attorney general and Judge Cowan of Omaha the associate counsel applied for the leave. The government also wants a receiver appointed for the Kansas Pacific. The government interest in the line amounts to about \$14,000,000 and includes the Kansas City terminals and extends nearly to the western boundary of Kansas, distant 394 miles from Kansas City making its western terminus on the prairie.

## GOLD STRIKE NEAR LLANO.

## Vain Lying Near the Surface Assays \$300

SAN ANTONIO, Feb. 12.—A dispatch has been received here from the town of Llano, stating that the excitement in the gold fields has been greatly increased by the fact that Goetz and Landrum, who are developing a mine about six miles northwest of Llano, and near the Schryver mine have struck a rich vein of ore, which assays over \$300 gold to the ton. The vein is near the surface and easily worked.

## PASSING OF DE LOME

Incident Growing Out of His Letter Regarded as Closed.

## AWAITING WOODFORD'S REPORT

Administration, It Is Said, Is Not Disposed to Protract the Unpleasant Incident—Exchange Courtships at Havana—The Buccaneer Pays a \$500 Fine Under Protest.

WASHINGTON, Feb. 12.—The personal incident growing out of the publication of Senor De Lome's letter to Senor Canalejas may be regarded as settled. This has been brought about by the short cablegram sent by Minister Woodford from Madrid, in which he states that the minister had resigned and his resignation had been accepted before he (Mr. Woodford) presented the request of the United States that he be recalled. The officials here feel an interest in learning the details of the happenings in Madrid and are waiting for Mr. Woodford's promised full report.

But unless this should contain some statement that is not now expected, there is no disposition on the part of the government to protract the closing of this unpleasant incident, and it is not expected that anything in the nature of a demand for an apology will be made. If a graceful disclaimer should come that will be taken in the spirit in which it is made, otherwise the matter will be dropped and the relations between the state department and the Spanish legation will run smoothly once more through the medium of Senor De Bae, the first secretary, and now charge d'affaires.

It can be said for the president that he shows little personal concern in the matter as it stands and is not disposed to pursue Mr. De Lome in any personal spirit, and with this spirit in the head of the administration, the end of the affair may be said to have been reached.

## EXCHANGE COURTESIES.

## Captain General Blanco to Call on Captain Sigbee.

HAVANA, Feb. 12.—General Parrado, Rear Admiral Landero and the captain of the port visited the French admiral on board the cruiser Baboudeau which sailed yesterday afternoon for New Orleans.

Rear Admiral Landero visited Captain Sigbee on board the battleship Maine during the day. Captain Sigbee accompanied by Consul General Lee paid a visit to Captain General Blanco yesterday and were most cordially received and entertained. This morning General Solano returned the visit of the American captain and consul general in the name of Captain General Blanco on board the Maine. It is understood that after the visit the captain general referred, in very flattering terms, to the plans of the American warship.

It is explained in Spanish circles that the captain general, as the first person in authority in Cuba, cannot visit any warship, but "as proof of the sympathy he feels for Captain Sigbee and the United States government," the captain general will call as a private person upon Captain Sigbee on board the Maine. Captain Heilbron of the American yacht Buccanear, acting under instructions from his owner, W. R. Hearst, has paid, under protest, a fine of \$500 imposed upon the yacht for "breaking the naval department regulations." He will file a claim for damages.

## Will Not Cruise in the Mediterranean.

NEW YORK, Feb. 12.—John Jacob Astor has abandoned his projected winter cruise in the Mediterranean, and with a party of capitalists will visit the republic of Honduras. The start will be made on Tuesday, when the Normahal will sail from Bayridge to Jacksonville, Fla. Mr. Astor and party will go aboard the yacht after a short stay in Florida.

## BRADSTREET'S REVIEW.

Renewed Activity in the Iron and Steel Trades—Advance in Cotton.

NEW YORK, Feb. 12.—Bradstreet's today says: A number of favorable circumstances and events present themselves this week. Perhaps the most notable of these are the renewed activity and confidence in the iron and steel market, accompanied by prompt and even rapid advances in several grades of crude pigiron and steel and the advance in the price of raw cotton, long predicted, but unrealized until the present week. What might be regarded as a minor feature in the business situation, though at the same time conveying much that is hopeful to the interest involved, is a quite general improvement in distributive trade and demand in the central west and the south, where spring trade is reported open in good shape. Less favorable features of the week are the slowness of spring trade in dry goods to develop at New York and other eastern centers, except Boston and the mild weather of the northwest rendering it likely that retailers' stocks carried over will be larger than earlier expected. Although the advance in cotton has been claimed to be too rapid, it has undoubtedly imparted a much more cheerful tone to the southern business situation and with the advance in iron and steel has done much to add to the confidence with which the trade outlook for 1898 is regarded.

## GERMANY AND ENGLAND.

## Both Powers Secure Railroad Concessions.

PARIS, Feb. 12.—China has consented to the British demands for a railway from Berma to Damanaland. She also agrees to indemnify the kidnapped Frenchman, M. Lyudet.

Germany has secured a concession for a railway from Kiao-Chow to Ichau-Fu as the price of the murdered sentry, and is now casting about for something else to demand.

Next month the Chinese board of revenue will pay salaries, half in specie and half in dollars, owing to the scarcity of copper coin. This is the first occasion of payment in dollars, but the precedent is likely to be followed and will thus introduce an extensive use of coined money.

I am going to my baby, and my little woman will join me soon, for she has not long to live. She will meet me; she has forgiven me. I forgive all. I'm going to heaven, where I hope to meet you all." His neck was broken by the fall.

## He Is Supposed to Have Gone With a Woman 11 Years His Senior.

CHICAGO, Feb. 12.—The Chicago police are puzzled over the disappearance of Earl Conway, a talented youth well known in musical circles, and Miss Ollie Wilson, daughter of a wealthy Nebraska stockman. Although the young woman is 11 years older than the lad, who is but 15 years old, the two, according to the story told the police by the lad's parents, are deeply attached to one another, and the police have been led to suspect that they may have gone away together.

Payne of the Christian church here, has been visiting the jail and making talks to the prisoners, among whom was Will Cato, brought here from Lyon county, charged with the murder of one Holland, a shantyboat man. Cato seems to realize his condition and became interested in Mr. Payne's remarks. He sent for Rev. Payne and asked him if he would baptize him, and being answered affirmatively expressed a desire to be baptized. Cato, in company with the jailer and a guard, went to the Christian church, where Rev. Under its provisions each ward and township assessor in the state is to be furnished with a suitable seal or stamp for sealing or marking notes, checks, mortgages, book accounts and other evidence of credit. With this seal the assessors are to stamp such evidences, and unless such notes, checks, etc., are thus marked they are not to be collectable for the reason that they are not returned for taxation.

### MURDER AT JONESVILLE.

John Williams Shot in Ford's Saloon by James Lewis.

Word came to the city early this morning that a murder was committed at Jonesville last night. The facts as reported to the REPUBLICAN are about as follows:

Yesterday the democrats of Bartholomew county met in the several townships of the county to select delegates to the county convention which was held at Columbus today. The contest in Wayne township was rather spirited and especially so about Jonesville.

About 9:30 o'clock last night several parties had congregated in Ford's saloon and were talking politics and discussing the results of the convention to choose delegates.

A dispute arose between John Williams and James Lewis, Ford's bartender, who had supported different candidates. Hot words passed between the two men when the probable result of to-day's convention at Columbus was discussed. At this point, from one source it is reported, Lewis said: "I know of one delegate who will not vote to-morrow," and, drawing his revolver, shot Williams through the heart. He fell to the floor and was dead in five minutes.

From another source comes a report that Lewis shot in self defense. The Columbus Times, which contains a report, evidently based on such information, says that it seems that the trouble first arose between other parties in the saloon. After making an attempt to put a stop to the trouble, according to the Times report:

"Lewis, the bartender, then ordered everybody in the saloon out as he wanted no trouble in his place of business. It appears that everyone then went out, but Williams and one or two others, who lingered and did not want to go. Lewis insisted that they should go, when it is said Williams grabbed him by the throat and commenced choking him, whereupon Lewis drew his revolver and fired, the ball entering the left breast, killing him instantly. Lewis at once gave himself up to Marshal Schulte."

Lewis was hurriedly taken to Columbus by Fred. Schulte and placed in jail. He is about twenty-three years of age and is unmarried.

Williams was a married man and leaves a wife and three children, the youngest being only about a month old. Parties who were here from Jonesville say that the most intense excitement prevails there over the murder and that the sentiment is somewhat divided.

### "THE OLD HOMESTEAD."

Public Library Benefit to be Given on the 22nd.

The public entertainments that have been given heretofore for the benefit of the library have always been attended with great success. Appreciating this fact, the organization has, with great labor and expense, obtained and prepared for presentation the greatest and grandest play before the public today, "The Old Homestead." If you want to learn a good lesson, see human nature depicted in all the simplicity of country life in all the grandeur of city life, come out and see the play on the 22d. See good old "Uncle Josh" and "Aunt Tilda." Let your heart go out with theirs in behalf of the wayward Reuben. Give "Happy Jack" a helping hand on his way to reformation. Have your thoughts and ideas uplifted and ennobled with sympathy for wayward humanity. And along with these pathetic scenes, enjoy the fullness of innocent fun. Laugh with "Ebb" and "Rick," with "Cy" and "Seth" whose antics in the country will convulse you with mirth until your sides ache. In all, the play is replete with fun, wit and humor, and abounds with pathetic and tender climaxes. The benefit and entertainment promises to be the greatest success of the season and a crowded house is already assured. Tickets will be out the first of the week and we would advise all to purchase early so as to get in.

### STORE ROBBERED.

Midnight Prowlers Gain Entrance to Coffield & Fish's Grocery Store.

Some time last night some unknown party or parties made their way into the grocery store of Coffield & Fish, successors to Frank Patrick, and helped themselves to some things they wanted. They took \$1.90 in change out of the money drawer, and some cigars and tobacco, and probably other goods. The exact amount they took can not be definitely ascertained.

The miscreants gained entrance by removing a shutter from one of the windows and then loosening the putty and taking out a large glass.

### Eulogized His Late Comrade.

A week ago Capt. Jos. Balsley attended the funeral of Benj. F. Kilgore, who was orderly sergeant of his company, at Lawrenceville, Ill., and took part in the services by pronouncing a eulogy on the life and services of his late comrade. A local paper of Lawrenceville, giving an account of the funeral says in part:

"After the funeral discourse by Elder Corter, Capt. Jos. Balsley, of Seymour, Ind., delivered an eulogy over the body of his dead comrade, that was eloquent and pathetic and caused the tears of sympathy to flow from almost every eye in the vast audience."

Badly Disfiguring the Whole Side of His Face.

The injured young man is a son of Samuel Stanfield.

### Imaginary Balloons.

The report from Sweden that Andree's balloon had been seen in the neighborhood of Winnipeg turns out as experienced Americans expected. It was given out in the far northwest, by means of circulars and handbills, that Andree was at large in a balloon, and might be visible immediately balloons began to be reported, as they were two years ago in our own hopeful and veracious country. The Swedish Academy put faith in these reports, just as any one would who had not had previous experience.—Harper's Weekly.

### Republican Banquet at Lebanon.

Many of the state officials have accepted the invitation of A. C. Daily, the auditor of state, to attend the Boone county republican gathering at Lebanon today. A banquet, with four or five hundred covers, will be set, and the event promises to be one of the most notable among the Lincoln day celebrations.

## ALASKA'S CONDITION

Captain Ray's Report to the Government Made Public.

## SERIOUS STATE OF AFFAIRS.

Transportation Companies Much at Fault. Majority of People Peaceable and Lawabiding—Miners Cannot Perfect Titles to Claims—Goldbelt in United States Territory.

WASHINGTON, Feb. 12.—The war department has made public the advice received from Captain P. H. Ray of the Eighth infantry, who was sent to Alaska to report on conditions in the mining country. The report, in part, shows a very serious state of affairs; that trouble is threatened at various places and that there is serious danger at some points of lack of food, owing in a large measure to the failure of the transportation companies to get in sufficient supplies.

On the food question he says: "The question of food here is a very serious one and the action of the transportation companies is causing much friction. I use my best endeavors to reconcile all differences peaceably and get all people who are without provisions down to Fort Yukon as soon as possible, where there is an abundance of food. I learn that while food is scarce in Dawson City the miners in the outlying camps are fairly well supplied."

"There are fabulous stories being circulated and will be published about the prices paid for food. I have verified in places where \$100 was paid for 50 pounds of flour, but such cases are rare, were outside deals, and not the prevailing price."

"At the present time neither of the transportation companies will transport a pound of freight for other traders or private parties, forcing all people coming into the territory to be wholly dependent upon their stores for their supplies at their prices. A large majority of the people now here are peaceable and law abiding, but in the absence of any person of authority to appeal to for the settlement of many differences that are constantly arising they are compelled to act outside of the law and when influenced by passion, prejudice or liquor, will commit acts that jeopardize great financial interests and from which there can be no appeal."

"Miners complain that they cannot perfect any title to their mines, owing to the absence of any land office. The departments are sending out commissioners, receivers and registers who cannot qualify for obvious reasons, the principal one is that there is not an official qualified to administer an oath within 1,000 miles of this place. A commissioner is powerless as he has no power to enforce his decisions."

Captain Ray says that the transportation companies have utterly failed to keep promises made to passengers, that of 840 people landed at St. Michael destined for Circle City and above, 42 reached their destination, the balance being stranded between Circle City and St. Michael, or having returned to the states.

"There has been," he adds, "less than 2,000 tons of freight all told delivered above Fort Yukon, and there is now lying at that point 500 tons of provisions and liquor cached by the steamers that could not get over the flats."

"I am also well satisfied that much more could be accomplished if the employees of the transportation companies devoted less time to personal traffic. From what I have learned from mine owners and prospectors I am fully satisfied that the greater part of the gold belt lies in our territory, along the range known as the Upper Ramparts."

Along the Tananah, Manok creek, Birch creek and the head of Forty-Mile there are districts that will pay from

A consumptive hopes and hopes, but a time comes when hope ends, and the black shadow of despair forecasts the coming of death. Thousands of consumptives believe that there is "nothing much" in the trouble and that there is no need to bother with medicine. Both are wrong. Consumption is the most deadly of diseases but it is distinctly curable. It has its inception, like all other wasting diseases, in disorders of the digestive organs, and the first step towards its cure must be the relief of these disorders.

Ninety-eight per cent. of all cases of consumption are cured by Dr. Pierce's Golden Medical Discovery. Thousands of consumptives have testified to their complete and permanent recovery through its use after they were given up by the doctors and all hope was gone. It corrects all disorders of the digestion, makes assimilation perfect, fills the blood with the life-giving elements that build up new, firm and healthy tissues, and acting directly upon the lungs drives out all disease germs. It is a specific for all lingering, bronchial, throat and lung affections.

"I have been troubled with indigestion and dyspepsia," writes Geo. H. Slater, Esq., of Yates City, Knox Co., Ill., "for the last two years. I got a bottle of your 'Golden Medical Discovery' and took it as you directed. It did me so much good I am going to get another bottle and take it. It is the best medicine in the world for those who have stomach trouble. I have recommended it to several already."

The best medical book ever published in any language is Dr. Pierce's Common Sense Medical Adviser. Over 680,000 copies of this book have been sold for \$1.50 each. It contains 1,008 pages and 300 illustrations. It gives suggestions for treatment of all ailments. There are also prescriptions. This valuable book, in paper binding, may now be had free for the asking. Send at once, stamped to the World's Dispensary Medical Association, Buffalo, N. Y., to pay the cost of mailing only. If fine cloth binding is desired, send 10 cents extra, 25 cents for 50.

\$10 to \$20 per day per man now lying idle as they will not pay expenses at the present prices of food. I am satisfied that with adequate means of transportation and cheaper food, this will develop into one of the greatest gold producing regions in the world.

## REPUBLICAN LEAGUE.

Convention of the Ohio Organization Held at Columbus.

COLUMBUS, O., Feb. 12.—The Ohio Republican league convention, which was held in this city yesterday, was one of the stormiest in the history of the league. About 200 delegates, representing 72 clubs, were in attendance. The factional feeling which marked the late senatorial contest cropped out. There were strenuous efforts to restore harmony, however, both the retiring president and the president-elect advising the members of the league to lay aside factional differences. Senator Foraker, in his telegram to the league, also made a plea for harmony. The Foraker and Bushnell element were dominant in the convention, however, and while they endeavored to keep factional differences in the background, carried all their points.

President McKinley sent the following telegram to President Sullivan of the league:

"Nothing can be more inspiring to the Republicans and the people of the country than the life work of Abraham Lincoln, whose birthday your members celebrate today. Keeping close to his teachings and example the nation's peace and progress will be assured. My greetings and congratulations to the Ohio Republican league."

## STARVED TO DEATH.

An Old Couple Found in a Pitiful State in Chicago.

CHICAGO, Feb. 12.—Mrs. Caroline Lang, 58 years of age, died at the county hospital last night of starvation and her husband, Cornelius Lang, 75 years of age, is in the same institution, dying slowly from the same cause.

Lang was a tailor and when he lost his job some time ago he and his wife became destitute. For a time the neighbors supported them, but finally they were left alone. When the police found them yesterday they had been three days without food and a week without fire.

Lang was found lying on the floor near the door. He had started to crawl to the door to bring aid to his wife, but had fainted through weakness. Neither of them was able to speak when found. Mrs. Lang died within a few hours after being taken to the hospital and her husband cannot survive long.

## KANSAS PACIFIC.

Government Asks the Court to Postpone the Sale.

St. Louis, Feb. 12.—An application was made to Judge Sanborn in the United States court today by the government for the postponement of the Kansas Pacific sale. The government also asked for leave to take up the first mortgages of the eastern and middle divisions of the railroad and pay the bondholders and other holders of securities in the two divisions. Judge Hoadley of New York representing the attorney general and Judge Cowan of Omaha the associate counsel applied for the leave. The government also wants a receiver appointed for the Kansas Pacific. The government interest in the line amounts to about \$14,000,000 and includes the Kansas City terminals and extends nearly out to the western boundary of Kansas, distant 394 miles from Kansas City making its western terminus on the prairie.

## GOLD STRIKE NEAR LLANO.

Vein Lying Near the Surface Assays \$300 to the Ton.

SAN ANTONIO, Feb. 12.—A dispatch has been received here from the town of Llano, stating that the excitement in the gold fields has been greatly increased by the fact that Gooch and Landrum, who are developing a mine about six miles northwest of Llano, and near the Schryver mine have struck a rich vein of ore, which assays over \$300 gold to the ton. The vein is near the surface and easily worked.

## PASSING OF DE LOME

Incident Growing Out of His Letter Regarded as Closed.

## AWAITING WOODFORD'S REPORT

Administration, It Is Said, Is Not Disposed to Protract the Unpleasant Incident—Exchange Courtiers at Havana—The Buccaneer Pays a \$500 Fine Under Protest.

WASHINGTON, Feb. 12.—The personal incident growing out of the publication of Senor De Lome's letter to Senor Canalejas may be regarded as settled. This has been brought about by the short cablegram sent by Minister Woodford from Madrid, in which he states that the minister had resigned and his resignation had been accepted before he (Mr. Woodford) presented the request of the United States that he be recalled. The officials here feel an interest in learning the details of the happenings in Madrid and are waiting for Mr. Woodford's promised full report.

But unless this should contain some statement that is not now expected, there is no disposition on the part of the government to protract the closing of this unpleasant incident, and it is not expected that anything in the nature of a demand for an apology will be made. If a graceful disclaimer should come that will be taken in the spirit in which it is made, otherwise the matter will be dropped and the relations between the state department and the Spanish legation will run smoothly once more through the medium of Senor De Bae, the first secretary, and now charge d'affaires.

It can be said for the president that he shows little personal concern in the matter as it stands and is not disposed to pursue Mr. De Lome in any personal spirit, and with this spirit in the head of the administration, the end of the affair may be said to have been reached.

## EXCHANGE COURTESIES.

Captain General Blanco to Call on Captain Sigbee.

HAVANA, Feb. 12.—General Parrado, Rear Admiral Landero and the captain of the port visited the French admiral on board the cruiser Babourien which sailed yesterday afternoon for New Orleans.

Rear Admiral Landero visited Captain Sigbee on board the battleship Maine during the day. Captain Sigbee accompanied by Consul General Lee paid a visit to Captain General Blanco yesterday and were most cordially received and entertained. This morning General Solano returned the visit of the American captain and consul general in the name of Captain General Blanco on board the Maine. It is understood that after the visit the captain general referred, in very flattering terms, to the plans of the American warship.

It is explained in Spanish circles that the captain general, as the first person in authority in Cuba, cannot visit any warship, but "as proof of the sympathy he feels for Captain Sigbee and the United States government," the captain general will call as a private person up on Captain Sigbee on board the Maine. Captain Heilbron of the American yacht Buccanier, acting under instructions from his owner, W. R. Hearst, has paid, under protest, the fine of \$500 imposed upon the yacht for "breaking the naval department regulations." He will file a claim for damages.

## WILL NOT CRUISE IN THE MEDITERRANEAN.

NEW YORK, Feb. 12.—John Jacob Astor has abandoned his projected winter cruise in the Mediterranean, and with a party of capitalists will visit the republic of Honduras. The start will be made on Tuesday, when the Normannah will sail from Bayridge to Jacksonville, Fla. Mr. Astor and party will go aboard the yacht after a short stay in Florida.

## BRADSTREET'S REVIEW.

Renewed Activity in the Iron and Steel Trades—Advance in Cotton.

NEW YORK, Feb. 12.—Bradstreet's today says: A number of favorable circumstances and events present themselves this week. Perhaps the most notable of these are the renewed activity and confidence in the iron and steel market, accompanied by prompt and even rapid advances in several grades of crude pigiron and steel and the advance in the price of raw cotton, long predicted, but unrealized until the present week. What might be regarded as a minor feature in the business situation, though at the same time conveying much that is hopeful to the interest involved, is a quite general improvement in distributive trade and demand in the central west and the south, where spring trade is reported open in good shape. Less favorable features of the week are the slowness of spring trade in dry goods to develop at New York and other eastern centers, except Boston and the mild weather of the northwest rendering it likely that retailers' stocks carried over will be larger than earlier expected. Although the advance in cotton has been claimed to be too rapid, it has undoubtedly imparted a much more cheerful tone to the southern business situation and with the advance in iron and steel has done much to add to the confidence with which the trade outlook for 1898 is regarded.

## GERMANY AND ENGLAND.

Both Powers Secure Railroad Concessions.

PARIS, Feb. 12.—China has consented to the British demands for a railway from Berma to Damanran. She also agrees to indemnify the kidnapped Frenchman, M. Lyander.

Germany has secured a concession for a railway from Kiao-Chow to Ichau-Fu as the price of the murdered sentry, and is now casting about for something else to demand.

Next month the Chinese board of revenue will pay salaries, half in sycee and half in dollars, owing to the scarcity of copper coin. This is the first occasion of payment in dollars, but the precedent is likely to be followed and will thus introduce an extensive use of coined money.

## ENGINEER'S HEROISM.

Saves the Life of a Little Child About to Be Killed by a Flyer.

DELPHOS, O., Feb. 12.—The little 4-year-old daughter of Mrs. Mark Will was playing on the Pittsburg, Fort Wayne and Chicago track when the fast train came thundering along. The engineer realizing he could not stop in time to save the child, reversed his engine and climbed out on the pilot and picked the child up before the train hit it. The little one was turned over to friends unhurt. The mother fell in a swoon when she saw her child's danger.

## CHILD MURDERER.

James Mingle Pays the Penalty With His Life.

SPRINGFIELD, Ill., Feb. 12.—James Mingle, who murdered the infant, Dollie Briscoe, and at the same time made an attempt on the life of the child's mother, was hanged here yesterday. Mingle showed nerve to the last. From the scaffold he said: "I'm only on a journey to meet my child in heaven. I am going to my baby, and my little woman will join me soon, for she has not long to live. She will meet me; she has forgiven me. I forgive all. I'm going to heaven, where I hope to meet you all." His neck was broken by the fall.

## TALENTED YOUTH DISAPPEARS.

He Is Supposed to Have Gone With a Woman 11 Years His Senior.

CHICAGO, Feb. 12.—The Chicago police are puzzled over the disappearance of Earl Conway, a talented youth well known in musical circles, and Miss Ollie Wilson, daughter of a wealthy Nebraska stockman. Although the young woman is 11 years older than the lad, who is but 15 years old, the two, according to the story told by the police by the lad's parents, are deeply attached to one another, and the police have been led to suspect that they may have gone away together.

## W. C. T. U.

It Has Taken Up the Fight for the Salvation of Yale.

NEW YORK, Feb. 12.—The Woman's Christian Temperance union has taken up the fight for the salvation of Yale University. Miss Frances E. Willard, president, and other general officers of the union have forwarded a petition to President Dwight asking him to forbid the use of alcoholic liquors in the university. The petition contains an implied threat to boycott the university unless President Dwight complies with the terms of the petition.

## ITALIAN WARSHIPS.

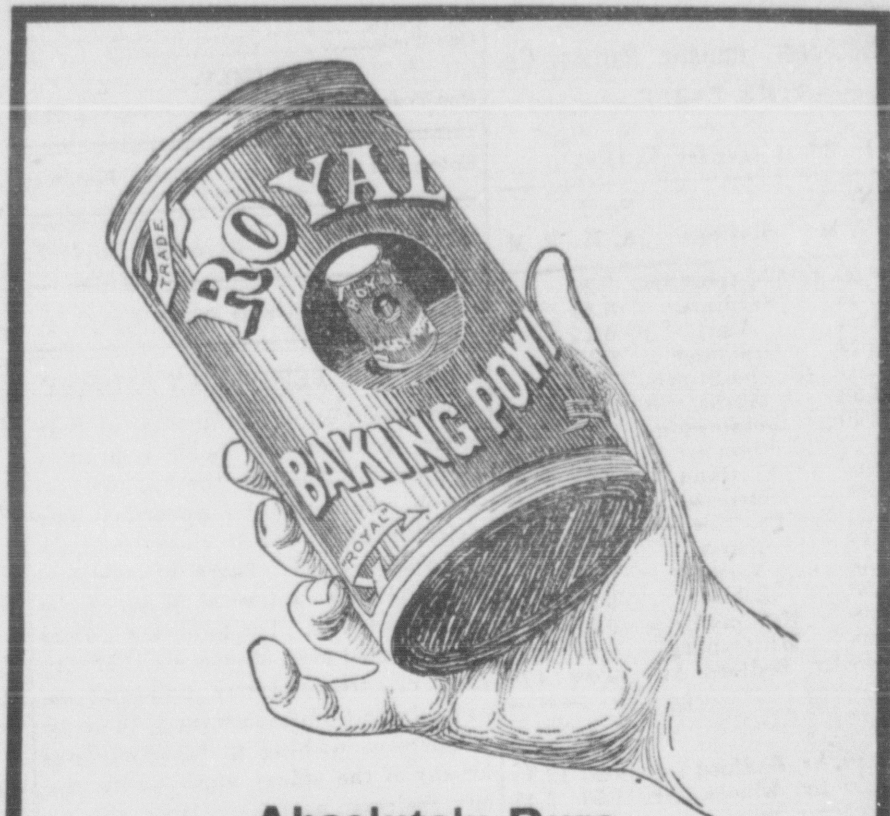

They Are Expected at Port au Prince to Enforce the \$120,000 Claim.

KINGSTON, Jamaica, Feb. 12.—Two Italian warships are expected at Port au Prince from St. Thomas to enforce pending claims of the Italian government to the amount of \$120,000. The fall of the ministry is imminent. M. Cal Fouchard, president. Simon Sams, former minister of finance, is a candidate for the presidency.

Sir Augustus Homing, the new governor of Jamaica, has arrived here from Demarara.

## Robbed of Money and Clothes.

TIPPIN, O., Feb. 12.—Farmer Wilson, while walking along the Baltimore and Ohio tracks east of here, was assaulted by tramps, robbed of a few dollars and most of his clothing, even taking his shirt and shoes. After suffering severely with cold he flagged a train and was taken to Chicago Junction, where he was provided with clothing.

## VON DER AHE.

United States Court Refuses a Writ of Habeas Corpus.

PITTSBURG, Feb. 12.—Attorneys R. B. Scandrett and A. O. Fording were vindicated by the opinion of Judge Joseph Buffington, who handed down an opinion in the Von der Ahe habeas corpus case late yesterday. His honor sustained the position of the attorneys and Detective Nick Bendel, and turned Von der Ahe over to Bendel, who immediately delivered him up to the sheriff of Allegheny county.

Von der Ahe spent last night in the private office of Sheriff Harvey A. Lowry, but he expects to be able to put up the money today on the judgment for which he is detained.

In his opinion Judge Buffington cited many precedents for his decision and concluded:

"Respective of any views this court might entertain of the question, were it new and not affected by former decisions, we are constrained under stress of these decisions, and particularly in view of that of the supreme court of the United States, to hold that Von der Ahe could be lawfully arrested in the state of Missouri by his bail and removed to Pennsylvania. The petitioner is therefore remanded to the custody of Bendel, the respondent, and it is so ordered."

## KILLED BY OFFICERS.

An Aged Woman Shot to Pieces at Escalopia, Ky.

VANCOBURN, Ky., Feb. 12.—At Escalopia, this county, Constables Cropper and Thacker attempted to arrest an old lady named Crow who was at her home with several grown up daughters. Before the officers realized it one of the girls flew at them like an enraged tigress, with a long knife, dangerously wounding both officers. By this time the old lady and another daughter pulled guns and the officers realized it was a fight for life. The battle raged for a few moments and after the smoke had cleared old Mrs. Crow was found dead and shot to pieces and one daughter dead. Those who survived are in a dangerous condition.

## A PRISONER REPENTS.

Taken From Jail to the Baptismal Font Under Guard.

PRINCETON, Ky., Feb. 12.—For some time Rev. Payne of the Christian church here, has been visiting the jail and making talks to the prisoners, among whom was Will Cato, brought here from Lyon county, charged with the murder of one Holland, a shantyboat man. Cato seems to realize his condition and became interested in Mr. Payne's remarks. He sent for Rev. Payne and asked him if he would baptize him, and being answered affirmatively expressed a desire to be baptized. Cato, in company with the jailer and a guard, went to the Christian church, where Rev. Payne, in the presence of the elders of the church, baptized him. He seemed thoroughly penitent and deeply affected.

## TO PREVENT FRAUD.

Bill to Require the Listing of Securities For Taxation.

COLUMBUS, Feb. 12.—A bill introduced in the house by Mr. Ross of Putnam, will attract not a little attention, as it seeks to prevent frauds in the listing and valuation of personal property for taxation. Under its provisions each ward and township assessor in the state is to be furnished with a suitable seal or stamp for sealing or marking notes, checks, mortgages, book accounts and other evidence of credit. With this seal the assessors are to stamp such evidences, and unless such notes, checks, etc., are thus marked they are not to be collectible for the reason that they are not returned for taxation.

## WEALTHY TAXDODGER.

Makes Public Confession and Pays the Collector \$1,320.80.

BARRY, Ill., Feb. 12.—The talk of the community here is the publication in local papers of a card signed by John S. Koehler, a wealthy merchant and church member, in which he confesses to have dodged payments of his taxes for 10 years past. Preceding this confession, Koehler paid to Tax Collector Wike \$1,320.80, which he claims represented taxes and interest on property withheld in that time.

POLITICAL BREVITIES.

The annual meeting of the Lincoln League of Indiana is in session at Lafayette today with a large attendance.

Francis E. Baker, of Goshen, is announced as a candidate for the nomination of judge of the supreme court, subject to the republican state convention.

He is one of the able lawyers of the northern part of the state.

S. D. Meek today announces his candidacy for councilman from the Fifth ward subject to the republican primary election.

Mr. Meek has been in business in Seymour for several years, and is a reliable citizen. His candidacy has the indorsement of many influential citizens.

Today Frank Bretthauer announces himself a candidate for city councilman from the Fifth ward, subject to the republican primary election.

Mr. Bretthauer has been a hard worker for the republican party for the last ten years and his many republican friends have urged him to come out for the nomination for councilman in the Fifth ward.

He enters the race with a substantial and influential following.

R. F. Heaton to-day announces his candidacy for treasurer of the city of Seymour, subject to the republican primary.

Mr. Heaton has been a resident of Seymour for nearly forty years and is one of our substantial and trustworthy citizens. He is well and favorably known and enters the race for treasurer with the support of many influential friends.

In another column of today's issue appears the formal announcement of Frank Bennett as a candidate for City Judge. Mr. Bennett has resided in Seymour twenty-eight years and has a large circle of influential friends. He served the city well as Mayor from 1890 to 1892 and for twelve years previous to that he filled the office of justice of peace and made a very creditable record. He enters this contest with the support of numerous influential friends.

Today R. F. White makes formal announcement of his candidacy for city marshal, subject to the republican primary election.

Mr. White needs no introduction to the Seymour people as he is known to nearly every resident of the city. He has served as city marshal in past years and made a very creditable record indeed. He has a host of friends who have urged him to become a candidate and who will give their influence toward his success.

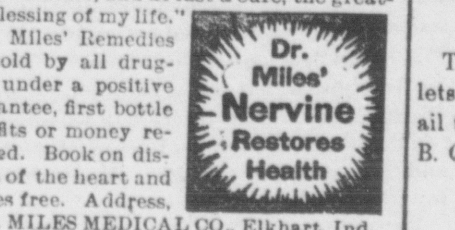

It is not only in the county organizations that the democrats of Jackson county are having serious differences of opinion about the campaign plans, but in their organization in the city of Seymour they are unable to agree. The slate makers had hoped to avoid a primary, but have run against some solid obstacles. That ratification meeting they expected to hold to have their slate endorsed will not likely be held.

A Shattered Nervous System. FINALLY HEART TROUBLE.

Restored to Health by Dr. Miles' Nerve.

MR. EDWARD HARDY, the jolly manager of Sheppard Co's. great store at Braceville, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to but a shadow of myself, and at last my heart became affected and I was miserable. I took six or eight bottles of Dr. Miles' Nerve. It gave me relief and blessing of my life. I am now as well as ever. I took six or eight bottles of Dr. Miles' Nerve. It gave me relief and blessing of my life. I am now as well as ever. I took six or eight bottles of Dr. Miles' Nerve. It gave me relief and blessing of my life. I am now as well as ever."

DR. MILES MEDICAL CO., Elkhart, Ind.

His Alibi.

Once upon a time the late Sir Frank Lockwood, while attending a police court, noticed that the magistrates were performing their duties in a very expeditious manner, and he commented on the fact to a superintendent of police.

"Yes," answered the superintendent, who was pompous and none too well educated, "their worship always dispenses with justice very fast." Some years ago he got a prisoner off by proving an alibi.

Some time afterward the judge met him and said, "Well, Lockwood, that was a very good alibi."

"Yes, my lord," was the answer. "I had three offered me, and I think I selected the best."

A HISTORIC HOTEL.

The Favorite Hostelry in Ante-Bellum Days—Often Patronized by Abraham Lincoln—From its Veranda Stephen A. Douglas Delivered a Great Speech—Again the Scene of an Important Event.

From the Tri-County Scraper, Plymouth, Ill.

Mr. and Mrs. Campbell Thompson run the historic Cuyler House at Plymouth, Ill., a hostelry where Abraham Lincoln often slept, where "Dick" Yates, Lyman Trumbull and Richard Oglesby bought refreshments for the inner man in ante-bellum days, and from the veranda of which Stephen A. Douglas delivered one of his great speeches.

This article has not so much to do, however, with this historic hotel, as it has with the landlord's thirteen-year-old laughing, bright-eyed, rosy-cheeked daughter Ollie.

As one sees her to-day, the picture of perfect health, it is hard to believe that nearly nine of the thirteen years of her life were spent on the bed of invalidism, that for months she never walked, and for years suffered the pain, misery and distress of inflammatory rheumatism in its worst form.

Able physicians were employed but no permanent benefit resulted.

Mrs. Thompson heard of a wonderful cure which had been effected by Dr. Williams' Pink Pills for Pale People, and was influenced by it to purchase some of the pills for her daughter.

Before she had taken half a box, there was marked improvement in her condition; when she had taken two boxes she was completely restored to health. To-day, there is not a healthier child than Ollie Thompson.

The case came to the attention of the editor of the Tri-County Scraper, and a reporter was detailed to learn the story of this remarkable cure from Mrs. Thompson's own lips. She said:

Ollie was a hearty, well-developed child from the time she was born until she was three years old. In 1887 she was taken down with inflammatory rheumatism. For nine years she was never entirely free from the disease, much of the time was in an alarming condition. At times, she could not walk, and her spine was drawn out of shape so that she could not stand straight. One of the doctors said if she became well she would be a cripple for life.

Dr. Grignon, of Augusta, was the first doctor who had her case. He doctored her through two serious times of the disease, and finally told her he could not cure her. We doctored her most all the time, but when she was ten years old she had an unusually severe attack, and we called in Dr. Kreider, of Prairie City, where we were then living. He tried hard to cure her but finally gave it up. He said, "I can do nothing further, the case is the worst I have witnessed."

"We nearly gave up hope then, but called Dr. McDaniel who doctored her after we came to Plymouth, but no benefit was derived."

"Then I heard how Uncle Wesley Walton had been cured by Dr. Williams' Pink Pills for Pale People. Knowing the condition he had been in, I thought if the pills cured him, they might help Ollie. Consequently I bought a box for her, and before she had finished it she was much better. She continued taking them, and when the second box had been used she was well, and has never had rheumatism since."

"I cannot say too much for the Dr. Williams' Pink Pills for I believe Ollie would have been dead long ago if she had not taken them."

## MURDER AT JONESVILLE.

John Williams Shot in Ford's Saloon by James Lewis.

Word came to the city early this morning that a murder was committed at Jonesville last night. The facts as reported to the REPUBLICAN are about as follows:

Yesterday the democrats of Bartholomew county met in the several townships of the county to select delegates to the county convention which was held at Columbus today. The contest in Wayne township was rather spirited and especially so about Jonesville.

About 9:30 o'clock last night several parties had congregated in Ford's saloon and were talking politics and discussing the results of the convention to choose delegates.

A dispute arose between John Williams and James Lewis, Ford's bartender, who had supported different candidates. Hot words passed between the two men when the probable result of to-day's convention at Columbus was discussed. At this point, from one source it is reported, Lewis said: "I know of one delegate who will not vote to-morrow," and, drawing his revolver, shot Williams through the heart. He fell to the floor and was dead in five minutes.

From another source comes a report that Lewis shot in self defense. The Columbus Times, which contains a report, evidently based on such information says that it seems that the trouble arose between other parties in the saloon. After making an attempt to put a stop to the trouble, according to the Times report:

"Lewis, the bartender, then ordered everybody in the saloon out as he wanted no trouble in his place of business. It appears that everyone then went out but Williams and one or two others, who lingered and did not want to go. Lewis insisted that they should go, when it is said Williams grabbed him by the throat and commenced choking him, whereupon Lewis drew his revolver and fired, the ball entering the left breast, killing him instantly. Lewis at once gave himself up to Marshal Schulte."

Lewis was hurriedly taken to Columbus by Fred. Schulte and placed in jail. He is about twenty-three years of age and is unmarried.

Williams was a married man and leaves a wife and three children, the youngest being only about a month old. Parties who were here from Jonesville say that the most intense excitement prevails there over the murder and that the sentiment is somewhat divided.

### "THE OLD HOMESTEAD."

Public Library Benefit to be Given on the 22nd.

The public entertainments that have been given heretofore for the benefit of the library have always been attended with great success. Appreciating this fact, the organization has, with great labor and expense, obtained and prepared for presentation the greatest and grandest play before the public today, "The Old Homestead." If you want to learn a good lesson, see human nature depicted in all the simplicity of country life in all the grandeur of city life, come out and see the play on the 22d. See good old "Uncle Josh" and "Aunt Tilda." Let your heart go out with theirs in behalf of the wayward Reuben. Give "Happy Jack" a helping hand on his way to reformation. Have your thoughts and ideas uplifted and ennobled with sympathy for wayward humanity. And along with these pathetic scenes, enjoy the fullness of innocent fun. Laugh with "Ebb" and "Rick," with "Cy" and "Seth" whose antics in the country will convulse you with mirth until your sides ache. In all, the play is replete with fun, wit and humor, and abounds with pathetic and tender climaxes. The benefit and entertainment promises to be the greatest success of the season and a crowded house is already assured. Tickets will be out the first of the week and we would advise all to purchase early so as to get in

Some time last night some unknown party or parties made their way into the grocery store of Coffield & Fish, successors to Frank Patrick, and helped themselves to some things they wanted.

They took \$1.90 in change out of the money drawer, and some cigars and tobacco, and probably other goods. The exact amount they took can not be definitely ascertained.

The miscreants gained entrance by removing a shutter from one of the windows and then loosening the putty and taking out a large glass.

### Eulogized His Late Comrade.

A week ago Capt. Jos. Balesley attended the funeral of Benj. F. Kilgore, who was orderly sergeant of his company, at Lawrenceville, Ill., and took part in the services by pronouncing a eulogy on the life and services of his late comrade. A local paper of Lawrenceville, giving an account of the funeral says in part:

"After the funeral discourse by Elder Corter, Capt. Jos. Balesley, of Seymour, Ind., delivered an eulogy over the body of his dead comrade, that was eloquent and pathetic and caused the tears of sympathy to flow from almost every eye in the vast audience."

### Imaginary Balloons.

The report from Sweden that Andree's balloon had been seen in the neighborhood of Winnipeg turns out as experienced Americans expected. It was given out in the far northwest, by means of circulars and handbills, that Andree was at large in a balloon, and might be visible immediately balloons began to be reported, as they were two years ago in our own hopeful and veracious country. The Swedish Academy put faith in these reports, just as any one would who had not had previous experience.—Harper's Weekly.

Deafness Cannot be Cured.

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cures. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists 75c. Hall's Family Pills are the best.

CHURCH NOTES.

Another large crowd was present last night at the M. E. church. Evangelist Reed delivered a strong sermon that brought conviction to many hearts. Several conversions were reported and three united with the church.

Wm. McCarthy, 1222 E 8th st. Cincinnati, Ohio, writes: "I used Dr. Bull's Cough Syrup in my family with good results. We recommend it to all heads of families as the best."

"The Girl I Left Behind Me" which will be presented at the Opera House Tuesday night Feb. 15th is a stirring play, in which heroic sentiment, thrilling incident and sparkling comedy are gracefully and artistically blended. The story is one of absorbing interest from first to last, and it is told in clever entertaining dialogue. It tells of stirring incidents of Indian warfare on the northwest frontier, into which is interwoven a pretty love story and "just enough of villainy, nobleness and unwavering fidelity are painted with a bold free hand in vivid colors."

Court Holds That an Adopted Child Cannot Inherit Property.

DEMOCRATIC POLITICIAN SHOT.

Versailles Lynchers Become Scared When They Learn a Detective Had Been Before the Grand Jury—Want a Dollar a Day—Bluffton Man Killed by a Woman.

DANVILLE, Ind., Feb. 12.—Judge Hadley has ruled that Florence Walker is not entitled to share in the estate of John Miles. The point in dispute is whether or not, as an adopted child, she has the same right as if she had been of blood issue. Ten years ago John Miles, living near Belleville, died. He left a will in which, after providing for the distribution of the remainder of his property, he placed \$30,000 in trust for two invalid daughters; after their death the property to go to the surviving children, or, if dead, to their children.

One of his daughters—Martha Miles Walker—had no children, but she adopted Florence, the plaintiff, and reared her to womanhood. At the November term of court the executor made his final report, leaving Florence out. She filed an exception, and Judge Hadley took the matter under advisement, ruling as above.

Accused of Being Implicated in the Death of James Jones.

WINSTON, Ind., Feb. 12.—No trace of the body of James Jones has yet been found. Two of his neighbors—Nayfall and Smith—are under suspicion, and Smith has left the neighborhood. Nayfall has been arrested and transferred to Petersburg. It is alleged that he has told several conflicting stories; that Smith and Jones quarreled and went to shooting, and he ran away, and that he slept in a haystack. There seems no doubt but that Jones was murdered, and it is known that there was an old grudge between Smith and Jones. Nayfall and Smith are cousins.

He was in the juryroom three hours, but, of course, what his testimony was no one knows. The rumor that he is a detective has caused a great deal of uneasiness.

## PRACTICE WHAT THEY PREACH.

Leading Clergymen of Every Denomination Use and Advise Paine's Celery Compound.

Like Goldsmith's parson who

Tried each art, repressed each dull delay, Allured to brighter worlds and led the way.

great preachers throughout the country have been the most untiring and earnest in telling the truth about Paine's celery compound, in urging sick people to use it, and at the same time they themselves have employed the great remedy in their homes with results that have steadily kept up their faith in its healthgiving powers.

It is significant that Paine's celery compound stands alone as the one remedy that is freely used in the homes not only of clergymen, but of all liberally as well as professionally educated men, physicians, lawyers, school teachers and others while every other remedy purporting to accomplish equal results, is promptly shown the door.

No class of men have the public good so disinterestedly at heart as clergymen; none others see so intimately the affairs of so many homes. It is their business to know the sad side, sorrows and sufferings. As confident, confessor and comforter they learn the truth as even the physician often fails to do.

And clergymen recommend Paine's celery compound wherever they enter a home where some member needs a general building up of the body, a purifying of the blood and a strengthening of tired nerves.

Another great preacher, the Rev. S. D. Dimer, pastor of St. Paul's English Lutheran church, Washington, D. C. says: Wells, Richardson & Co.

Gentlemen—Have taken Paine's celery compound as a tonic, and am pleased to certify that so far as I have been able to test it I have found it quite satisfactory.

Yours Very Truly, S. D. DIMER.

St. Paul's Eng. Luth. Church. It cannot be repeated too often that the stomach is the fountain which supplies every part of the body. If the stomach is sick, the brain, heart, liver, bowels and kidneys are all sick. The trouble may all be felt in one spot; it may be in the stomach itself, or it may be in the brain, or a rheumatic muscle. It will be felt in the weakest place. Paine's celery compound is fully competent to correct all such disordered conditions of the stomach, and to restore a healthy tone that will enable it to meet every demand made upon it by hard-worked brain, heart and nerves.

A dyspeptic stomach cannot furnish sweet healthy chyme, as the digested food is called, but acids and poisonous gases and the brain and nerves thus

get poison instead of food. It is not food swallowed, but food well digested that produces flesh and blood. Paine's celery compound disposes the body to take on flesh. It makes the breath sweeter, the strength more enduring, the body plumper and the spirits better.

Despetic and nervous, sickly persons whose whole lives are a failure, both as to enjoyment and usefulness, ought to learn how closely their debility, aches and pains depend on their general run-down condition, and that the sensible, lasting cure can only come from building up their general health and constitution. This is the grand mission of Paine's celery compound. It cures neuralgia, rheumatism, stomach troubles, blood diseases and headaches by this enlightened, broad treatment. The blood plenty of it, quite, satisfactorily fed nerves and a condition of the brain that makes sound, sweet sleep a safeguard against all nervous troubles come when Paine's celery compound is used.

If you are "played out," to use a forcible street phrase, can't digest, can't work and have lost courage, Paine's celery compound will show itself to be the best friend you ever had. It will enable you to forget your stomach, and will do for you what it has done for so many others—make you again a healthy active man or woman.
